

## ACOATICA AND ICE FISHING

The Parc Découverte Nature offers a unique ice fishing experience in Quebec. Its flagship activity is Acoatica, an interactive survival adventure.

- 
 Your challenge while playing *Acoatica* will be to ensure the survival of endangered fish species in Quebec. Through **interactive and immersive indoor challenges**, you will accumulate points and save the life of your virtual shoal of fish. Pose before you leave and you will receive a souvenir photo of your day with your family!
- 
 The *Acoatica* game includes the opportunity to tease fish while living the experience of **ice fishing** (equipment provided).
