**FORESTA
LUMINA**

We recently had the pleasure of visiting Foresta Lumina in Coaticook with family with children and we are still under the spell of this extraordinary experience! The magical lights, enchanting scenery and mystical atmosphere created a magical atmosphere that amazed every member of our family, from the youngest to the oldest. The attention to detail and ingenuity behind each scene was simply impressive. This visit allowed us to share precious moments together. Congratulations to the entire team behind Foresta Lumina for creating something so spectacular and memorable. This is definitely an experience not to be missed!!
